

Science + Art Fair | Harrison Elementary PTA

Students in K-6th grade at Harrison Elementary are invited to participate

We are excited to sponsor this great opportunity to showcase the amazing talents of our Harrison students in the areas of both art and science. The Science + Art Fair provides an opportunity for students to develop and improve their talents and skills through dedication and hard work. All participants will receive feedback on their work.

Never participated before? **Here's how it works:**

- Students are asked to submit their ideas via the entry form attached to this letter
- Students can work independently, or they can choose to pair up within the same grade in groups of two to complete their project.
- Students should review the information packet on how to proceed with their projects with both science and art. The packet is very thorough and will guide you through the steps you should take. **The packet is available on our website, harrisonelementarypta.org, or you can send a request to harrisonelementarypta@gmail.com and we will email you a copy.** Students may also request a hard copy from their teacher.

Science fair participants will be supplied with presentation boards to display their findings and art fair participants will be provided with paper stock if they are presenting a 2D project. **Please note, art fair projects are due BEFORE the show date.**

Important dates for you to know:

Wednesday, February 26th – Project Entry forms must be turned in to teachers

Wednesday, March 4th – Presentation boards and paper stock available in the main office

Wednesday, April 15th – Art Fair projects due; please ensure your child brings their project to school by this date

Monday, April 20th – Science Fair projects due; please ensure your child brings their project to school on this date. Judging will occur during the school day (parents are welcome to attend). Additionally, all projects will be available for viewing directly following the final PTA meeting that evening (6:00 p.m. / pizza will be available for everyone attending and childcare will be provided).

*Please download the information packet now from harrisonelementarypta.org or send a request to harrisonelementarypta@gmail.com and we'll email you the information.

Science + Art Fair | Project Entry Form

Due date: Wednesday, February 26, 2020

Student # 1 First/Last Name

Grade / Teacher

Student #2 First/Last Name (partners optional)
